Overview of Holy Quran®

Pocket Holy Quran is an application designed by "Informobility L.L.C" to provide you with the Holy Quran on your hand held device.

Software Features

- Arabic support for Windows Mobile required.
- Full text of Holy Quran in Arabic.
- English and Malay translations.
- Audio support: Telawat by Sheikh Sa'ad Al Ghamdi.
- Al Jalalyn explanation (Tafseer).
- Word search in Quran and explanation (Tafseer).
- Ability to go to the next found word in a search list.
- Bookmark navigation, sorting, insert, and delete.
- Support for customized views (fonts, colors, sizes, etc.).
- Animated menus and pop-ups.
- Bi-lingual, Arabic/English interface.

Suras Index

To navigate to a sura:

1. On the Holy Quran screen, tap and hold anywhere to see a menu.
2. Tap **Index**.
 - To display all suras select **All sections**.
 - To display suras whose audio is available in the selected **Audio path**, select **Available Audio**
 - To filter by section, select the section number that you want display its sura(s).
3. From **Sura** list, select sura name.
4. In **Aya**, select or write an aya number.
5. Then tap **Go** to display your selection, or **Cancel** to exit.

Hint

The number beside sura name is its order in Holy Quran.

Customize Preferences

- To customize Holy Quran text language when the application is opened

1. Tap  > **Preferences** > **Text and Fonts** tab.
